Dear Mr Nierop

I would like to acknowledge receipt of your correspondence forwarded via email to Inspector Dean Lindley at Central Metropolitan Region in October 2009 advising him of concerns you have regarding a number of police officers. Your concerns have been reviewed and I am now advising you of the outcome of those inquiries in the numerical order as they appear in your correspondence.

Complaint 1 - You have alleged that police lied to the Attorney Generals Department (VCT). There is no evidence to support this allegation. The only direct information supplied by police to the VCT was a short report advising the injuries sustained by the victim, your conviction by Judge Finnane and that you had lodged an application allowing you six months to appeal your conviction. It is normal practice by the VCT to obtain information regarding any court outcomes directly from the court involved in that matter. This issue is not sustained.

Complaint 2 & 3 - You have alleged police harassed, intimidated and threatened your employer Mr Tony Rossi. Mr Rossi has been interviewed by police about these allegations and he has no complaint about the manner in which police have conducted their inquiries with him. He was satisfied police had investigated the matter properly and these issues are not sustained.

Complaint 4 & 5 - You have alleged that police have illegally accessed computers and colluded with officers to issue you with a \$5,500.00 fine. There is no evidence to support this allegation. In the normal course of their duties police are entitled to access computer records for lawful purposes. Inquires reveal police have not illegally accessed your licensing records and there is no evidence of police misconduct in relation to these accesses and therefore these issues were declined.
