**Subject:** Sir, I can help you win the next election

Dear Mr Gallacher

I have been fighting corrupt NSW police day and night for seven and a half months. Enclosed is the latest letter that I have sent the Ombudsman. (plus a few other documents to whet your appetite) The police are stalling because I have irrefutable proof of their corruption in 2 matters. My trial is set for January 31<sup>st</sup>. It ends one month before the next state election. I believe that you could destroy the credibility of the current police minister (especially since the last one just resigned) and that the facts I can provide you with could tip the scales of the election in your favour. Essentially my complaint is that they are forcing me to risk an innocent mans life because they blatantly set me up because I threw out misbehaving officers from the nightclub I worked in as a second job. I have bounced for 25 years without ever being accused of using excessive force. They have constantly under estimated me and I have set trap after trap which I have sprung to devastating affect. My evidence includes a 1.5 hour taped conversation with an Inspector and many other written documents to support these claims. I will win my trial, of that there can be no doubt. But I want these ethic less, moral less bastards destroyed. I subpoenaed police within one day of my arrest. I have set an Australian precent by convincing a magistrate from the Attorney Generals office to over rule the security industry registry to return my security licence so that I could return to work at TAFE whilst facing the 3<sup>rd</sup> most serious charge you can be charged with. I have survived blows designed to kill me by an elite special forces anti terrorist hit man and his cronies. I have forced the police to tape my complaints (there are so many), and I have charged the police back as a citizen of the state.

I believe that by working together we can both be mutually satisfied

I know you must be a very busy man, but please trust me on this one, they are going down with a bang-

ICAC, the PIC and the Complaints management team at D.Y. have all acknowledged that my complaints are warranted

If you want a complete dossier on this debacle, please enclose a forwarding address and I will sent it forthwith

I believe a face to face meeting would more adequately enlighten you on how damming the evidence I have against them is

Thank you for your time

Sincerely yours

P.S. attachments in no particular order-last 2 can be opened with acrobat leader 5.0

FYI-

Dear Sir

I am a little bit bewildered as to why you have not asked for more information. I have enough material to help you win the next election. Do you like being in opposition?

Sincerely yours

**Subject:** P.M. investigates D.N.vs D.Y.Police

To whom it may concern

Surprise, surprise-the investigation into my investigation has been delayed another 2 weeks (5<sup>th</sup> date now furnished), which is just before Christmas, which means after the break, which means another postponement, which means D.Y. Police have succeeded in the delay/whitewash of the investigation into my investigation before trial (29<sup>th</sup> January).

If the Ombudsman CAN'T enforce the police to comply with the law, and the police minister CAN'T control his troops, then with your help- I WILL . On the front steps of Downing Street Centre, as I walk out a free man after I am found NOT GUILTY

I believe one man can make a difference

As one law abiding Australian citizen to his fellow law abiding Australian citizens of the free press

Please support me in this just struggle by reporting my trial, and even more importantly, what I have to say afterwards.

I am publicly devoting the rest of my life to destroying (legally) this blatant nest of corruption-I will not hold back-I will pull no punches

Sincerely yours
